108 Seeley Mudd Building (lower level of Searle Center)
Description: This is a new graduate-level, interdisciplinary course for Fall 2009 open to Duke seniors, graduate students and professional students (i.e., medical and law students). The course will explore key ethical principles in human research and clinical care, and how those principles were often codified in response to problematic behaviors by well-intended scientists and practitioners. Open to any interested Ph.D. student.
- Faculty: Jeff Baker, MD, PhD (Pediatrics, history); Anne Lyerly, MD (Obstetrics & Gynecology, Women’s Studies); Ross McKinney, Jr., MD (Pediatrics, Molecular Genetics and Microbiology); and Gopal Sreenivasan, PhD (Philosophy, Medicine)
